

## FUEL SURCHARGES

**1st February 2026 - 31st January 2027**

We will absorb any price increases until the price of Marine Gas Oil (MGO) reaches £345 per tonne. At this point the fuel surcharge calculator will indicate the appropriate surcharge for the applicable journey for each coach booking.

On or near the 20th of each month, the surcharge applicable will be calculated based on a 30-day rolling MGO average as per Bunkerworld.com and a 30-day rolling USD/GBP average as per Exchangerate.org.uk. This surcharge will apply to coach journeys travelling in the following calendar month.

## FUEL SURCHARGES

**1st February 2026 - 31st January 2027**

We will absorb any price increases until the price of Marine Gas Oil (MGO) reaches £345 per tonne. At this point the fuel surcharge calculator will indicate the appropriate surcharge for the applicable journey for each coach booking.

On or near the 20th of each month, the surcharge applicable will be calculated based on a 30-day rolling MGO average as per Bunkerworld.com and a 30-day rolling USD/GBP average as per Exchangerate.org.uk. This surcharge will apply to coach journeys travelling in the following calendar month.
